In case you would like to send your equipment in for service or repair, fill in the following to enable our service department to help you the best way possible.

**PLEASE READ CAREFULLY AND FOLLOW THE FOLLOWING INFORMATION:**

**SAFETY INFORMATION:**

On the page number three you will find the GHS symbols for dangerous and hazardous products and materials. Please tick where applicable for the substances you're working with. Please amend H (Hazard statement) and P (Precautionary statement) numbers where necessary.

**CLEANING INFORMATION:**

In any case before sending your equipment back to us the equipment has to be cleaned/decontaminated and should be free of any hazardous or harmful substances.

**HANDLING INFORMATION:**

If any special precautions have to be taken by our service people when handling your equipment, please specify on the second page at Handling Information.

**COST ESTIMATE:**

All repair and services with an order value of up to **CHF 200** will be carried out without a cost estimate/offer and without consultation.

Cost estimates will be prepared at the request of customers in the case of orders where the value exceeds **CHF 200**. We will make a processing charge of **CHF 90** if you request a cost estimate but later refuse our offer. These costs will be fully waived in the event of a repair or if a new device offered is ordered.

**WARRANTY:**

**The original receipt must be enclosed.** No warranty services will be provided without proof of purchase in the form of the receipt. All information regarding warranty are available in the operating instructions or on our website:
